BAG SMART Campaign

Bag Smart Campaign is about educating the community to address the problems caused by plastic shopping bags and encouraging individuals to change the way they carry their shopping

Learning Through Projects

RIC – 2841 1 74126 095 7 \$24.95

People can gain great personal growth from participating in community projects, including;

\$24.95

- Providing an authentic and real life context to learn skills and knowledge across all learning areas of education
- Development of employability and enterprising skills
- Developing an understanding how community attitudes are developed and how they can be changed

Sustainability

RIC - 0558 1 74126 096 5 \$24.95

- The book challenges students to consider the consequences of human activities, especially the use of plastic bags, upon the environment.
- Students will be encouraged to participate in activities that contribute to the enhancement of the environment
- Sustainability Ages 8 12 years

- This campaign is about: "Reusing, Reducing, Refusing and Recycling Shopping bags."
- encourages students to create community involvement
- can be integrated into a number of different subject areas, such as science and social studies

The Environment

The Environment is designed to encourage students to investigate aspects of the environment which are under threat as a result of human activities.

The Environment:

- promotes an understanding of the progress being made towards creating a sustainable planet
- addresses, natural resource use, pollution, recycling, renewable energy resources, biodiversity, conservation
- each book contains 12 units which consist of four student activity pages accompanied by detailed teachers notes
